## IDENTIFIED AT LAST.

SHERIFF SMITH'S SLAVER AND MC ARTHUR THE SAME.

Polsoning at Portland-Mystery Regarding John D. Watson, Found Dead at Rockland-Cleveland at Providence-Fire at the Cape-Other New England News of interest,

DOVER, N. H., April 4.—Wanted—for murder: John Arthur Simpson, alias George Simpson, alias George A. Stillwell, formerly of Fredericton, N. B., once a Baphist minister, later a burglar, horse thief, incendiary, forger, bigamist, and finally a

This individual is desired because his picture had been identified as representing the features of Julius McArthur, wh killed Deputy Sheriff Charles H. Hatch of New Hampshire May 5, 1891, while resisting arrest for stealing a horse and who escaped from the rotary jail of this city

No tangible clew to McArthur's whereabouts has ever been discovered. The murderer has successfully cluded the officers of Strafford county, Boston and New York in their attempts to capture him. and up to a month or so ago he was fortunate in not having his identity known to those who wanted to arrest him.

Now, however, he has been recognized as a daring escok, who started in life at hi majority, as a Baptist minister, and who, a month before the murder, had rounded off a portion of his career by finishing a second sentence in the state prison of Massachusetts, to say nothing of previous numerous terms in penal institutions of

The indictment found against Julius McArthur by the grand jury of Strafford county reads: "murder in the first de-gree," and a warrant from that body is held by Sheriff William S. Hayes of Mad

Chief Inspector Coulter of Boston has had Inspector Gerraughty looking for the man, and Chief Inspector Byrnes of New York has also been on the watch for him. But Simpson hasn't been caught. He was | ment, in Boston, in court, about six weeks ago, when his former pal, Eugene Graves, alias | voted. Dr. Maximilliau E. A. La Foss, was sentenced to twenty-five years' imprisonment for a criminal operation, but since ther Simpson has kept away from the city, and is now supposed to be out west.

The murderer doesn't know that his identity has been established. He very likely received word some months ag that the state of New Hampshire will pay \$1100 for the arrest of Julius H. Me-Arthur, but probably he hasn't been told the Missisquoi river cut out a part of that the same sum will be paid to the the Central Vermont railroad track near man who gave McArthur a knife to use as the Sheldon fair ground this morning. The pacing record with running mate, 2:014, is held by Westmont, whose dam was by Cottrill Morgan, known as Peck's Black Hawk, son of Vermont Black Hawk. This goes to prove that the trotting instinct is stronger in the Vermont Black Hawk family than in any other trotting family yet produced. Everybody who knew Ethan Allen, 2:354. Lancet and other fescendents of Black Hawk will admit that this famous son of Sherman Morgan transmitted the most perfect trotting action that has ever been found. CLOSED SALGONS AND UNMOIST-ENED THROATS IN NEW YORK.

A Sunday Such as the Metropolis Had Never Seen Before Police Made But Few Arrests-Liquor Men Attempting to Create a Reaction by a Universal Closing of Bars.

New York, April 3 .- It was difficult today to find a saloon in this city to which dinittance could be gained. The few that did admit customers through side doors or rear entrances had "look outs" stationed outside, and no one who was not well known could get in.

The most frequented places down town were closed tight, and men might be seen singly and in groups going from saloon to saloon in vain search for a dring. It was probably the dryest Sunday New York has ever seen. Most of the hotel bars were closed, but in some of them drinks were served with crackers and cheese at tables.

Dr. Parkhurst's agents were out in force as usual, but it is doubtful if they secured much evidence. There was a larger number then usual of policemen in citizen's clothes going from saloon to saloon, but they were able to make but few arrests.

The Swanton Courier says that J. M. One down-town saloon keeper, whose Hill, jr. of Franklin owns a well bred son of place had not been closed, before for years, Administer Wilkes (El68) and Vandenburgh | said: "Our closing to-day is not due to the 17827.
